CAREER OBJECTIVE

I am an aspiring software developer and an avid gamer. I want to be part of designing and building digital content that can make people have the same feeling that I've had for years of enjoying games.

EXPERIENCE

CLEVERLIKE STUDIOS

Lonetree, CO Software Development Intern April 2018 - August 2018

- Collaborated with a team of software developers in order to create a gamemode, which was officially listed on the Minecraft Marketplace in November 2018.
- Modified an existing game, Minecraft, to create new content that implemented a different gamemode.
- Attained an understanding of and experience with Json.
- Communicated with peers in order to build relationships.
